You are encouraged to register your class early to secure your preferred choice of screening date and film selection.

Teacher Testimonials

"Taking my students to the EIFF was an enriching experience for all of us. Exposing them to local festivals allows them to see first-hand the rich culture of Edmonton. They seldom get an opportunity to be exposed to events that cull international artists' material that cover such a broad range of topics."

Christian Zyp
Austin O'Brian High School

"The simple change in location from the classroom to the theatre allowed students to make the connection between what they were learning in class and their day to day lives. It covered the outcomes of a number of classes, and they continue to bring it up as an example of ideas under discussion. Overall, they found the experience memorable and significant to their learning."

Carla Bonderud
Lillian Osborne High School

"What a fabulous film for its subject matter (Erasing David). A great win for the festival to show it here in Edmonton! The students overall enjoyed the film, and definitely loved the opportunity to get out into the community to view film. Definitely a keeper activity."

Tracy Wright
